

Larisa D. Bruner

Larisa D. Bruner currently holds the position of Director of Surveillance Assessment and Evaluation at the South Carolina Department of Health and Environmental Control. She leads and manages the division's activities of data collection, data entry and data management. She is an active member of an evaluation/epidemiology team that develops and implements evaluation plans for many of our community partnership initiatives. She contributes to the development and delivery of collaborative research projects between the Arnold School of Public Health and SC Department of Health and Environmental Control. Her experience includes more than 20 years of administering and developing university, government, and private agency contracts, programs, and budgets.
